Paradise Valley Police Conducting a Death Investigation #2015-12505

Paradise Valley, Arizona - (July 20, 2015) At approximately 3:30 p.m. Paradise Valley Police were called to 5700 E. McDonald for a death investigation. Responding officers were directed to a location where they found a deceased individual at which time they then called out the Criminal Investigations Unit, who also responded to the scene. The Maricopa County Medical Examiner's Office has also been notified and as of this writing, they are still en route.

Early indications are that this may be a suicide; however we are treating this as a crime scene until that is confirmed. We are not looking for anyone outside of the contained scene at this time.

We are not prepared to release any additional information at this time as we are awaiting confirmation of the identity of the decedent and then locating and notifying the next of kin.

When we are prepared to provide additional details, we will update this press release.
